

Sea Machine Trading

FINALLY!!!

Sea Machine Trading is introducing the solution for all sports fishers!!

NO HYDRAULIC OR ELECTRICAL CONNECTING!!

The "HOBBY" hauler is manufactured to every sports fishermen who enjoy sports fishing using net, long line, craw fish or other deep water line. Unique in weight and price!

Sea Machine Trading

The "HOBBY" hauler is a small unique winch with a "built-in" 2-stroke petrol engine, integrated fuel tank and transmission to obtain correct ratio. The engine is speed-controlled in such a way that the user has full control of the in-hauling. The petrol engine is string-started and is one of the most silenced 2-stroke engines on the market. Noise protection is not required. The hauler is equipped with two (2) sets of sheaves - one for net/rope and one for rope/longline. Due to its compact assembling, boat stand solution and extremely low weight, it is suitable for all types of small fishing boats.

Please see enclosed technical data.

Name: HOBBY

The winch consist of a "low noise" 2-stroke high quality petrol engine (Kawasaki)
The engine is connected to a transmission (gear box), via a "connecting piece" to obtain correct ratio. The Connecting piece is patented has several functions, ea centrifugal clutching. The winch has two sets of sheaves; one for net & rope and one for rope & long line. Materials used is plastic (polyethylene)to withstand +/- 60 degrees C, sea water resistance aluminium and stainless steel. Recommended fuel for the engine is Acrylat (environmental fuel) or unleaded 95 octane fuel mixed with 2-stroke motor oil, 2 % mixture.

Do NOT use outboard motor oil.

Lifting capacity:	120 kg
Inhauling capacity:	0 - 30 meter/min. - stepless
Weight of winch:	7,5 kg
Aver. endurance full tank:	Approx. 1,5 hour
<i>Measures</i>	
Lengde:	320 mm
Diameter motordeksel:	310 mm
Diameter skiver:	240 mm

CE-Certified

Accessories:

1. Aut. Self hauling
2. Crab bar.
3. Wheel deep water line (under development)
